Tips on how to shop with  
your child/children

# 01 Introduction

---

*MiniMe Clothing Boutique LLC, is a company that was started from the inspiration of shopping by a mother and her daughter who had challenges finding cute and comfortable children wear. Therefore, it was with great zest and passion that I created a one stop location for those who may be having similar challenges. Prior to launching our boutique, we vet and source our products and accessories from a wide range of wholesalers that we think has a great sense of style for fashion that would make great statements when going out with our children.*

# Tips on how to shop for your child/children

1. Buy cloths they can grow into, instead of the exact size
2. Shop darker color cloths that are easier to care for and wash.
3. Look for materials that are soft and stretchy, eg. cotton, polyester mix
4. Buy graphics that children will love and be happy to wear, lifting their spirits while looking fashionable
5. Shop with the intension that your child learn from the graphics or pictures on their clothing

# Tips on how to shop with your child/children

1. Give your child a task, let them him/her or them help pick her outfit
2. let them help to pay for their purchase
3. turn shopping into a game, show them their size and let them find thing they like in their size.
4. Help them learn how to match colors to create ther own outfit.
5. Let them rub the material against their skin to see if they would like it.
